Re: Lord Corporation Science Education Scholarship for High School Seniors

To all interested parties:

The Los Angeles Rubber Group Inc. is a sub-division of the Rubber Division of the American Chemical Society, serving the rubber industry in the Western US for over 80-years. We are pleased to support the educational development of future chemists and engineers, and we would like to make you aware of one such program that benefits high school seniors who intend to pursue higher education in the sciences.

LORD Corporation Science Education Scholarship

Recipient: High School seniors who are interested in pursuing a degree in the sciences from an accredited four-year program and have maintained a GPA of 3.4/4.0 or higher throughout high school and the first semester of college. Student has to show acceptance letter to such an institution upon acceptance of the scholarship.

Definition and Administration: In our commitment to promote youths to pursue careers in the sciences and engineering fields, TLARGI and LORD Corporation are offering a one-time US\$2,000.00 scholarship to a High School Senior, selected by TLARGI to be deserving of the award.

Criteria: Maintenance of honor roll standing throughout High School; Community service/volunteer work/research associated with interested field of study in the sciences or engineering; Recommendation letter each from a teacher in the math or science fields, and a guidance counselor or an adult that has worked with the applicant; an essay on what science means to the applicant and what they hope to achieve with their studies.

The recipient of the award will receive US\$1,000.00 upon selection. The second US\$1,000.00 will be issued when an official transcript showing completion of a minimum of 12 units with an accumulative GPA of 3.0/4.0 is received from an accredited four year college program. The recipient will also be able to apply to LORD for future internship programs that the company may offer.

Please direct interested parties to contact me or complete the application with documentation and mail it to me by July 21, 2019.

Best Regards,

Renee Horvatich
